IDEALSEAL is RSL's new, innovative sealant that is applied dry in order to eliminate squeeze-out. It's not sticky, which prevents dirt adhesion and allows for repositioning of the glass during installation. IDEALSEAL is standard on Injection Molded S-Frame and Injection Molded Decorative R-Frames.

- Foamed sealant standard on Frame-To-Door (FTD) (No squeeze out)
- Hot melt sealant standard on Frame-To-Glass (FTG)

SPECIAL ORDER:

- No sealant
